PI- What We Do

For those of you who don't know us, Pheasantland Industries is the prison industries in South Dakota. We employ male and female inmates in traditional industries and private sector partnerships at the State Penitentiary in Sioux Falls, Mike Durfee State Prison in Springfield, and the State Women's Prison in Pierre. Our Mission is to teach offenders work and trade skills to help in their successful return to their communities upon release. We can only do this through partnerships with non-profit organizations and government agencies who are willing to send us work. In return, we promise to provide high-quality products at competitive prices with satisfaction guaranteed.
